

PERFORMANCE DECKING

HIGH PERFORMANCE DECKING SCREW

- ✦ **Pozi Square Head**
For versatile application with multiple driver bits
- ✦ **Self-Countersinking Ribs**
For improved countersinking and a flush finish
- ✦ **Locking Thread**
Allows the screw to lock the decking board giving no board movement
- ✦ **ACQ Corrosion Resistant Coating**
A minimum of 1000 hours on a salt spray test
- ✦ **Serrated Thread**
Cuts through wood and reduces torque
- ✦ **Type 17 Cut Point**
Reduces splitting and the requirement for pre-drilling
